UP!

inspire. create. share.™

summer mini catalogue

:: 1 December 2009–31 March 2010 ::

dear friends,

You probably could have guessed that stamping is one of my favourite pastimes—if I ever have an extra minute, I head to my stamp studio. I am amazed every time I meet someone who hasn't tried stamping, and I can't wait to get a stamp and ink pad in her hand.

Our à la carte stamps make it easier than ever to take that first step! If you haven't tried stamping (heaven forbid!), now is the time. You'll find a variety of styles and prices, something for anyone who wants to dabble a bit. Be forewarned—I guarantee that once you try it, you won't be able to stop!

If you've already been bitten by the stamping bug, you're sure to see an individual stamp or two that you'll want to add to your collection, and that's not all! I LOVE our new Sweet Treat cups, as well as the coordinating stamp set (Something Sweet). As you can see by the projects, you can put just about anything inside of these fun accents! I envision projects with chocolates (my favourite!), candy, glitter . . . you name it! The possibilities are endless.

If that's not enough, there are other stamps sets, Designer Series paper, Rub-Ons, accessories, and so many other products to choose from! I love the Butterfly punch and coordinating Butterfly Prints stamp set. How can you not fall for butterflies? Butterflies always catch my attention and bring a smile to my lips, and I loved the saying in the set. Isn't it the truth?

This mini catalogue didn't feel like a mini to me at all—there is plenty here to add to your wish list and keep you busy creating for hours!
