I would love to share the art of Rubber Stamping, Cardmaking and Papercrafting with you. The following are some of the workshops, classes, and services that I offer. Individual orders can be placed at any time as well. If you have an idea for a class or event, contact me to see what we can come up with!

Home Workshops

At a home workshop, held in your home or mine, you and a few friends learn the basics of cardmaking and stamping, and make a couple of projects to take home. There is no charge for the workshop. As the hostess, you qualify for a FREE Catalogue and FREE stamps and merchandise when the orders at your workshop reach a qualifying total (see the Idea Book & Catalogue for details).

Classes

I offer a variety of classes, with fees dependent upon the types of projects being made. Ask for the Classes flyer, with full colour pictures of the projects you could make. I also offer custom classes or alternate dates for classes if you have something in mind and wish to get a group together at your house or mine.

Stampers' Clubs

Monthly Stampers' Clubs give you the opportunity to get together with friends each month to make a few projects while learning new techniques. Each member agrees to join for the length of the Club and place a minimum order each month. One member acts as hostess each month, receiving the FREE Hostess Benefits when it is her turn.

Group Events

I would be happy to plan a Stamping or Scrapbooking Event for your group – Playgroups, Church groups, Clubs, Staff events, Mothers' Group, you name it! Stamping is a fun and relaxing activity that anyone can enjoy. Let me do the prep work so that your group can have the fun!

Catalogue Parties

You may also qualify for a FREE Catalogue and FREE Hostess Benefits (check the Idea Book & Catalogue for conditions) by showing the Catalogue to your friends and collecting orders.

Custom Stamping, Design and Cutting Services

Would you like some custom cards or invitations made to order? Or would you like to make your own invitations or announcements? Contact me. I can help you design and plan your projects. I can make them for you or I can help you make them yourself.
